ABOUT LYONDELLBASELL

LyondellBasell (NYSE: LYB) is one of the largest plastics, chemicals and refining companies in the world. Driven by its 13,000 employees around the globe, LyondellBasell produces materials and products that are key to advancing solutions to modern challenges like enhancing food safety through lightweight and flexible packaging, protecting the purity of water supplies through stronger and more versatile pipes, and improving the safety, comfort and fuel efficiency of many of the cars and trucks on the road. LyondellBasell sells products into approximately 100 countries and is the world's largest licensor of polyolefin technologies. In 2018, LyondellBasell was named to Fortune magazine's list of the "World's Most Admired Companies." More information about LyondellBasell can be found at www.lyondellbasell.com.

ABOUT THE SITE

LyondellBasell's Brindisi Site is located five kilometers from the town of Brindisi, in the Apulia region of southern Italy. The Adriatic Sea lies immediately to the east and north of the complex, with the Port of Brindisi to the northwest. The site produces polypropylene resins through the company's *Spheripol* and *Spherizone* technologies. The homopolymer resins produced by our *Spheripol* process are used primarily for packaging applications. Our *Spherizone* line, the first commercial line of its type in the world, produces resins used in the manufacturing of piping, construction materials, automotive products and household products.
